**Note:** INPS Hosted and AEROS sites must ensure that Numed Enterprise Link software is running on the remote desktop.

Select **ECG** from the product selection screen - if you have more than one ECG system you may need to select **Schiller CS-104.** 

**Double click** the I<sup>3</sup> icon, this is usually found on your taskbar or desktop. This will launch the I3 software.

**Confirm** the patient's details are correct then click **Yes.** Once confirmed, click **Resting ECG.** 

#### Click the Start button.
